Furniture that Is Off Duty

Stored away somewhere, probably in your attic or spare room, is a piece, perhaps more, of furniture that if we had it we could repair it and put it back in condition where it would give months more of good service.

Why not take another look at it, or better still, send for us and we will give our opinion, and estimate its cost to be repaired.

Ioleanni è le rovine del tempo morto in Italia. Le distruzioni del Reggiano, Messina ed altre città veranno illustrate per mezzo di 100 elettrici stucchiati pitture, sarà Martedì 15 Marzo alle 8 nella Presbiterian church, il dottor MacMillan parlerà in lingua inglese ma le fotografie saranno sufficienti da poter capire. Entrata 25 cents. Gli italiani sono invitati.

Dreamland has to-day two most exciting pictures, as follows: "The Luck of Roaring Camp" is an adaptation of Bret Harte's famous story of that name. It is a rattling good western picture of the days of "forty-niners." The other head-liner is a Biograph, "The Course of True Love." Those who saw the Biograph Saturday will surely want to see this one.

The Bijou theatre offers a new Imp company picture. The Imp company has secured several of the favorite Biograph actors to appear in its pictures. This fact alone insures the popularity of the picture. "By the Right to Love" is the title. See it and like it. Another is an educational picture, "Balloon Trip over Turin." It is a genuine picture of a real balloon trip and very interesting.

Dr. MacCallum possesses rare powers as a platform orator," says the Pictorial, Canada, Times of the man who is to speak at the Presbyterian church Tuesday evening, March 15. The people of Barre should not miss the opportunity of hearing this lecture and seeing the magnificent electric stereopticon pictures, showing the whole devastated region of Messina, Reggio, and neighboring towns.

Quaker City Pneumatic Tool Co., Inc., 11 Blackwell street, Barre, Vt. No doubt you have discovered that we are not the only concern dealing in pneumatic tools. But, in examining our goods, we ask you to examine, as well, the goods of our competitors. Some dealers may be afraid of comparisons, but we are not. We invite them. We suggest they volunteer. We know we have everything to gain by a demonstration of that sort. We do not claim to have the only pneumatic tools on the market worth buying, but we do claim to have the best. One of the obstacles that has given us much trouble was the development of a valuable tool, so necessary in the working of a perfect machine. We feel justified in being proud of our accomplishment. Before buying elsewhere, will you not come in and see us? We know that our tools will save you money. Let us prove this to you. We also repair all makes of pneumatic tools.
